

Families & Educators of CCSD,

What an incredible welcome I've received as I've joined the Clear Creek School District community. Thank you! The last month has been deeply inspiring as I've met with students, educators, leaders, community...so many people dedicated to our schools and students. We are fortunate to have many gifts in our district, a highlight being the people who care about the future of our students.

One of my favorite education thinkers is George Couros, who recently posted in his [blog](#), "...the most fundamental research we can do as educators is knowing the people you serve." (June 20, 2019) I look forward to continuing to hear the stories of people in our schools and community.

Every person who works in CCSD is an educator, having an impact on students and learning. Our bus drivers are the first ones to connect with kids in the morning, school secretaries are key contacts for parents, paraprofessionals form strong relationships with individual students, food services friends check in with kids mid-day, and our teachers create important learning experiences for students daily. Our leaders take care of those who take care of kids, and serve as key connections for families and community. I look forward to discovering strengths to build upon in our CCSD employees and working together to grow our talents in order to best serve our community.

We have a great foundation to build upon, and exciting work ahead. Our [CCSD Facebook](#) page will share events and happenings as we begin this journey together.

Best,
Ms. Q
